

2018 CTF \$5,000 Heckeroth Scholarship Announcement

The California Transportation Foundation (CTF), a 501(c)3 charitable organization, is pleased to announce the application process for the annual \$5,000 Heckeroth Scholarship. Eligible applicants must be an undergraduate student enrolled at an accredited California educational institution, major in Civil Engineering, have a cumulative GPA of at least 3.5 and plan to pursue a career in transportation after graduation. The scholarship is competitive and based on the applicant's commitment to a career in transportation, current achievements and academic record.

Applicants must meet the following general criteria:

1. Must be an undergraduate student.
2. Must be enrolled at an accredited California educational institution.
3. Must be a civil engineering major.
4. Must have at least a 3.5 cumulative GPA.
5. Must plan to pursue a career in transportation after graduation.
6. Must complete and submit an application form.

Submit completed applications by February 16, 2018 to:

CTF
581 La Sierra Drive
Sacramento, CA 95864

Or by email to sarah_west@transportationfoundation.org

The scholarship will be presented in May 2018.

\$5,000 CTF Heckeroth Scholarship

Application and Attachments Due
February 16, 2018 by 5:00 p.m. to:
sarah_west@transportationfoundation.org

Scholarship Application Requirements

Must be an undergraduate student, enrolled at an accredited California educational institution, major in Civil Engineering, have a cumulative GPA of at least 3.5 and plan to pursue a career in transportation after graduation.

Name of Applicant: _____

Address: _____

City: _____ State: _____ Zip: _____

Phone: _____ Email: _____

Academic Data:

Civil Engineering Major: Yes No Cumulative GPA: _____

Career Objective:

Personal and/or School Affiliations/Honors: (Don't worry if you have few, a good essay can win it!)

Attach an Essay of up to 1,000 words that responds to this essay prompt: *One of the more prominent policy initiatives affecting the context in which California's transportation decisions are made is the Complete Streets movement. The movement involves some important trade-offs, a number of which have not received much prior attention. Evaluate the assumptions and merits of the Complete Streets movement, including whether and if so, how these principles relate to Civil Engineering practice.*

Required Attachments or Sent Separately from faculty member:

- One letter of recommendation from a faculty member (*emailed directly from faculty member on university letterhead to sarah_west@transportationfoundation.org*)
- A short resume or listing of your work experience
- Proof of current enrollment at a California university or college

Optional Enclosure: Letter from a work supervisor (emailed directly to sarah_west@transportationfoundation.org)

The weight of the selection criteria will be: essay (30%); grades (30%); work experience/community involvement (20%); honors/leadership (10%) and letter of recommendation (10%).
